

# Lesson 2: Income Tax Master Configuration

Tally.ERP 9 requires the following Master setup for the Income Tax to be computed successfully for all the Employees, for all the existing Payroll users:

- Pay Head Configuration
- Income Tax Configuration
- Employee Declarations

Following are the optional configurations:

- Declaring Previous Employer Income/Details
- Override Income Tax Exemption Value
- Override Income Tax Value

# 2.1 Pay Head Configuration

All the existing Pay Heads have to be re-configured for Income Tax before processing the Payroll for successful Income Tax Computation. If there is any amount (perquisites) paid to Employees without using the Payroll Vouchers, the respective ledgers also needs to be identified for successful Income Tax computation.

By default all the existing Pay Heads are considered as fully taxable and hence incorrect Tax Computation may be projected. To display the correct Tax Computation, you will have to reconfigure the Existing Pay Heads.

The Professional Tax and Provident Fund Pay Heads are configured for Income Tax by default.

#### Example 1:

Spectrum Software Services is already using Tally.ERP 9 Payroll and has the following Pay Heads:

Earnings Pay Heads	Deductions	Others	
Basic Pay	Employee's PF	Gratuity	
House Rent Allowance	Employee's ESI	Employer EPS Contribution	
Conveyance	Professional Tax	Employer EPF Contribution	
Overtime Pay		PF Admin Charges @0.01%	
Variable Pay		EDLI Contribution @ 0.5%	
Children Education Allowance		EDLI Admin Charges @0.01%	
		Employer ESI Contribution	

Bonus is also Paid to the Employees using normal Payment Voucher usign the Bonus Ledger.

To configure the existing Pay Heads for Income Tax,

#### Go to Gateway of Tally > Payroll Info. > Income Tax Details > Pay Head Configuration

- Demonstrates Move the cursor to the required Pay Head using up and down arrow keys and press Enter
- □ In the Income Tax Configuration screen,
- □ Select the required **Income Tax Component Type** for the selected **Pay Head** as shown:

Income T	ax Configuration
Name of PayHead / Ledger	: Basic Pay
Master Type	: Payhead
Income Tax Component	Basic Salary
Method of Calculation	Income Tax Components
Deduct TDS Across Period(s)	J Not Applicable Allowance For Transport Employee
	Bonus Border/Remote Area Allowance Children Education Allowance Children Hostel Expenditure Allowance Commission (As Fixed Percentage of Turnover) Conveyance Allowance Counter Insurgency Allowance Dearness Allowance (Considered for Retirement Benefits) Entertainment Allowance Field Area Allowance
	19 more ↓

Figure 3.1 Income Tax Configuration - Income Tax Component selection

Select the required Method of Calculation from Projected or On Actuals

Deduct TDS across Period(s) will be defaulted to Yes for all Projected Pay Heads

The completed screen for Income Tax Configuration for Basic Pay appears as shown:

Income	e Tax Configuration	
Name of PayHead / Ledger	: Basic Pay

Press Enter to accept and save.

# (TPS -

#### Income Tax Configuration details

- Name of Pay Head /Ledger: This will display the name of the selected component.
- *Master Type:* This will display the information whether the selected component is a Pay Head or a Ledger.
- □ **Income Tax Component:** The required Income Tax component type has be selected from the list of Income Tax Components for proper tax computation.
- **Method of Calculation:** The required method of Income Tax Calculation should be selected from Projected or On Actuals.
  - When the Method of Calculation is selected as Projected, the respective Pay Heads value/amount will be projected for Income Tax Computation for the entire year (based on the date of joining).
  - When the Method of Calculation is selected as On Actuals, the respective Pay Heads value/amount will be considered for Income Tax computation based on the actual (Voucher) value paid/payable to the Employee in that particular month.
- Deduct TDS Across Period(s): If this option is set to Yes and Method of Calculation is selected as On Actuals, the Income Tax computation for the respective Pay Head will be distributed across the remaining period. Else entire amount will be deducted in the same month in which it is paid/payable.

# The **Pay Head Configuration** screen after setting the **Income Tax Configuration** for **Basic Pay** appears as shown:

### 2.2 Employee's Income Tax Declarations

The Employee's have to declare their savings, investment and other details such as rent paid, Conveyance, LTA etc. to get the correct Tax Computation after considering these declarations.

#### Example 2:

Spectrum Software Services collected the Income Tax Declaration details for all the Employees on 15.4.2010.

#### 2.2.1 Rent Declaration for House Rent Allowance

House Rent Declarations are required to be made to get the benefit towards the House Rent Allowance of Income Tax. Tally.ERP 9 allows the option to declare the House Rent Paid (Payable) for single Employee or multiple Employees.

#### Example 3:

The HRA details as declared by the Employees is given below:

SI. No.	Name of Employee	HRA Amount
1	Ajay	5000
2	Mahesh	10000
3	Rahul	6000
4	Vijay Kumar	7000

To declare the House Rent paid (payable),

Go to Gateway of Tally > Payroll Info. > Declarations

Under Exemptions, select Rent and Place of Accommodation and press Enter

Exemption		Income Tax Declaration
Exemption <b>Petails of Rent Paid (payable) by the employee(s) and place (Metro &amp; Non-Metro) where such accommodation is situated.</b> (Is an allowance specifically granted to meet expenditure actually incurred on payment of rent in respect of residential accommodation)                  L: Leave Travel Assistance             Define Exemption Amount for Leave Travel Assistance. 			Accept ?
			Yes or No

Similar to **House Rent Allowance**, the **Child Education Allowance** declaration screen is displayed below:

Figure 3.12 Completed Child Education Allowance screen -1

Similarly, the declaration for **Children Hostel Expenditure Allowance**, **Conveyance Allowance** and **Leave Travel Allowance** can also be specified.

#### 2.2.2 Declaration of Investments U/s 80C & 80CCF

As per section 80C of the Income Tax Act, certain investments are deductible (up to a maximum of Rs 1 lakh) from gross total income. This tax exemption is available across individual tax slabs. As per finance bill 2010-2011, an additional investment of Rs 20,000 into Long Term Infrastructure Bonds is also allowed which increases the maximum amount from Rs 1,00,000 to Rs 1,20,000.

Some of the main schemes eligible for section 80C benefits are:

- PPF
- ELSS Mutual Funds
- NSC
- KVP
- Life Insurance
- Senior Citizen Saving Scheme 2004
- Post Office Time Deposit Account
- etc...

#### Example 5:

Below is the list of Investment Details as provided by the Employees for Deductions under 80C & 80CCF:

SI.	Name of	Housing Loan	Insurance	Long Term Infrastructure
No.	Employee	Repayment	Premium	Bonds
1	Ajay	50,000	11,000	20,000
2	Mahesh	1,00,000	20,000	20,000
3	Rahul	-	7,000	10,000
4	Vijay Kumar	-	9,000	

To enter the Employee Declaration for Investments made under section 80C & 80CCF,

- Bring the cursor to Multi Employee Single Component under Investments (80C and 80CCF) and press Enter
- Select All Items under Employee Name/Group
- Select Type of Investment under Housing Loan Repayment and press Enter

You have to select the required **Investment Type** to submit the declaration for the respective Investment from the List.

Investment Details	Spectrum Software Solut	ions		Ctrl + M
Employee / Group	All Items	Finan	cial Year : 1-Apr-20	10 to 31-Mar-20
Nature of Perquisite : He	ousing Loan Repayment			
Employee Name	Employee Number	Effective From	Declared Amount	Proof Amount
Ajay	551			
//ahesh	550		-	
Rahul	552

#### The Investment Details screen for Housing Loan Repayment appears as shown:

Figure 3.13 Investment Details

In the Investment Details screen,

- For Ajay, specify the Effective From date as 1.4.2010
- Specify the Declared Amount as **50,000**
- **Proof Amount** field can be skipped while entering the declaration

- Effective From: The date from when the Investment Proof is applicable. This will also be used for the Income Tax Computation for the previous period. If the Employee changes the Investment Declaration the same should be added with new Effective From date, keeping the earlier date and record intact. e.g. on 1.4.2010 Ajay has declared Housing Loan repayment as 50,000 and on 1.7.2010, the new amount is declared for Housing Loan as 75,000. You have to record both in the system.
- **Amount Declared:** Total Principal Amount payable during the year has to be specified in this field.
- Proof Amount: Actual Rent Paid by the Employee has to be entered in this field. This will be usually entered when the Employee provides the proof of the Rent Paid by him.

Similarly the **Investment Details** for **Housing Loan Repayment** can be entered for the remaining Employees also.

				Accept ? Yes or No

Figure 3.16 Investment Details - Long term Infrastructure bonds

Similarly, all other Investment Details can also be entered.

To enter the **Employee Declarations** for any other scheme apart from the ones given in the **List of Investments**, select **Other Eligible Investments** and specify the Values.

#### 2.2.3 Other Deductions (U/s 80D, 80DD, 80E etc.)

Under Chapter VIA, Other deductions in respect of maintenance including medical treatment of handicapped, medical insurance for self and dependants (including senior citizens, Donations, Interest Payment on Loan for higher education etc. are also allowed under section 80D, 80DD, 80E etc. These deductions are in addition to section 80C & 80CCF.

#### Example 6:

Below is the list of Investment Details as provided by the Employees for Deductions under section 80D, 80DD, 80E etc.

SI. No.	Name of Employee	Mediclaim Insurance
1	Ajay	-
2	Mahesh	15,000
3	Rahul	5,000
4	Vijay Kumar	-

To declare the other Deductions allowed under Chapter VIA (U/s 80D, 80DD, 80E etc.),

- Bring the cursor to Multi Employee Single Component udner Others (80D, 80DD, 80E etc.) or press Alt+O
- In the Effective From field specify 1-4-2010
- Select **Others** in the **Condition** field from the **List of Categories**
- D Specify required Amount in the **Declared Amount** field for each Employee
- **Proof Amount** can be specified later when the Employees provide the required proofs

The completed **Chapter VIA - Others** declaration screen for **Mediclaim Insurance** is displayed as shown:

Chapter VIA - Others	Spectrum Softwa	re Solutions			Ctrl + M 🛛

Vijay Kumar	549	1-4-2010	Oulers	5,000.00	
				Г	
					Accept ?
					Yes or No

Figure 3.17 Chapter VI - Other deductions for Mediclaim Insurance

- Effective From: The date from when the Investment Proof is applicable. This will be also used for the Income Tax Computation for the previous period. If the Employee changes the Investment Declaration the same should be added with new Effective From date, keeping the earlier date and record intact.
- **Condition:** Should be selected as Senior Citizens for Employees above 60 Years and for all other Employees Other Category should be selected.
- **Declared Amount:** Total Principal Amount payable during the year has to be specified in this field.
- Proof Amount: Actual Rent Paid by the Employee has to be entered in this field. This will be usually entered when the Employee provides the proof of the Rent Paid by him.

Similarly, you can specify the other Deductions for Chapter VIA (u/s 80D, 80DD, 80E etc.)

## 2.3 Override Income Tax

The override feature in Tally.ERP 9 Income Tax allows you to do the following:

- 1. Allow to specify different Income and Exemption slabs for different Employees as they can differ based on the place of duty or based on the type of work. e.g. high altitude allowance differs based on the height (from sea level) of work place.
- 2. It also provides the flexibility to enter the already earned values without using the payroll module and now the tax can be computed on the entire value
- 3. It also allows you to override the tax computation which is done by Tally.ERP 9. This can be used if an Employee has got any special permission from the accessing officer for lesser deduction.

Tally.ERP 9 also allows you to override the existing Income and Exemption slabs or it also allows you to override the Tax amount which is computed by default. The override Exemption value if specified will be applicable for entire year, whereas the Tax override value will be applicable on monthly basis for the specified period.

For the detailed usage of Override options, please refer to the Help file.

### 2.4 Tax Configuration

Tax Configuration is a comprehensive Master setup screen for Income Tax which allows you to Configure Pay Heads/ Ledgers, enter Declarations and specify other declaration details such as Tax Deducted by previous Employer, any other source or self tax declaration and declaration about the reliefs provided under section 89, 90 and 91 etc.

In other words, **Tax Configuration** screen is like a **Quick Setup** which guides the users to make all the necessary setup required for correct computation of Income Tax. Various items are arranged in the **Tax Configuration** screen in the same manner as **Form 16** to simplify the entire user experience.

For illustration purpose **Tax Configuration** for **HRA** is explained in this Chapter. You can refer to Tally.ERP 9 Reference Manual (Help File) for more information on using the **Tax Configuration Master Setup** screen.

To configure, Configure HRA Pay Head and enter the Employee Declaration for HRA,

Go to Gateway of Tally > Payroll Info. > Income Tax Details > Tax Configuration

Bring the cursor to *House Rent Allowance* under Allowance to the extent exempt u/s
 10 as shown:

Tax Configuration	Spectrum Software Solutions	Ctrl + M 🛛 🗙
Tax Configuration	Financial Year: 1-Apr	-2010 to 31-Mar-2011

Figure 3.18 Tax Configuration screen

As discussed earlier, Tax Configuration screen displays the details as per Form 16 and it also displays the status for each particular as Configured/Not Configured or Note Applicable.

Press Enter to view the Income Tax Allowance Setup (Setup Helper)

Figure 3.19 Income Tax Allowance Setup

The above setup screen is divided based on the type of allowance/income component/investment:

Masters: Allow you to configure the Pay Head/Ledger for the Income Tax

**Declaration or Define Value:** Allows you to enter the Employee Declaration details or define the required value details.

#### i. HRA Configuration

As discussed earlier, the HRA Pay Head/Ledger can also be configured from the **Income Tax** Allowance Setup screen under **Tax Configuration** menu as explained:

Press Enter on Configure Pay Head/Ledger for House Rent Allowance

Pay Head Configuration Spectrum Software Solutions Ctrl + M ncome Tax Pay Head & Ledger Configuration					
I.No	Particulars	Income Tax Component	Method of Calculation	Deduct TD Across Period	
1	Basic Pay	Basic Salary	Projected	Yes	
2.	House Rent Allowance	House Rent Allowance	Projected	Yes	

#### The Pay Head Configuration screen is displayed below:

Figure 3.20 Pay Head Configuration for HRA

You can see that the Pay Head Configuration screen when viewed from Tax Configuration menu display only the relevant Ledgers/Pay Heads to help the user in speeder configuration. For details on Configuration of Pay Heads, refer to the **Pay Head Configuration** section discussed earlier.

Since HRA is dependent on **Basic Pay**, the above screen also displays the **Basic Pay** - Pay Head so that the user can check and configure both the Pay Heads.

#### ii. HRA Declaration

To enter/modify the HRA values declared by one or all Employees,

Press Enter on Rent and Place of Accommodation

Figure 3.21 House Rent Declaration screen

The Declaration screen for House Rent allowance opens and it allows you to declare the HRA for one or all the Employees. If already declared you can alter the Declaration values from this screen.

# 2.5 Previous Employer Details

To correctly compute the Income Tax values, you need to collect the details of the **Income Received** and Tax already Deducted/Paid by previous Employer for all the Employees who are joining in the middle of the financial year. The previous employer Income Details and tax details can be entered using the **Income/Income Exemption Details** and **Tax Deducted/Paid Details** respectively.

For the detailed usage of Previous Employer Income/Expenses/Tax Paid etc., refer to the help file (Tally.ERP 9 Refrence Manual)

# 2.6 Pay Head Creation for Income Tax Deduction

Though the Computation report displays the Income Tax value for all the Employees without creating the Income Tax deduction Pay Head, but its mandatory to create the this Pay Head and add the same to the Salary Details for all the Employees.

#### 2.6.1 Creating Income Tax Pay Head

To create the Income Tax Pay Head,

#### Go to Gateway of Tally > Payroll Info. > Pay Heads > Create

In the Pay Head Creation screen,

- Specify the Name of Pay Head as TDS
- Select Employees' Statutory Deduction from the List of Pay Heads
- Select Statutory Pay Type as Income Tax from the list as shown:

1	Pay Head Creation	Snec	trum Software Solutions	
	Name : TDS			Total Op. Bal.
	(alice)			
	(allas)			
			England (the factor of Data time)	<u> </u>

Press Enter to accept and save.

#### 2.6.2 Create/Alter Salary Details

After creating the **Income Tax (TDS) Deduction Pay Head** you have to include this Pay Head in the **Salary Details** for all the **Employees** for successful deduction of **Income Tax** when there salaries are processed.

To alter the Salary Details,

Go to Gateway of Tally > Payroll Info. > Salary Details > Alter

- Select the required Employee (Mahesh) and press Enter
- □ In the Salary Details screen, bring the cursor at the end and select TDS Pay Head to add
- Press End of List
